Summary

Software engineer looking for a full-stack role following completion of the coding boot camp with the University of Birmingham. My previous role as a veterinary surgeon has provided me with a host of transferable skills: an excellent communicator, ability to thrive under pressure and a solid team player.

Technical Skills

Frontend: HTML5, CSS, JQuery, Javascript, Bootstrap, React
Backend: Node.js, Express.js, Handlebars.js, MySQL, Sequelize, mongoDB, Mongoose, GraphQL

Projects

Project One: Junior Dev Hub

Repo: <https://github.com/LanguageBytes/Junior-Dev-Job-Search-Engine>

Deployed: <https://languagebytes.github.io/Junior-Dev-Job-Search-Engine/>

- Job search app aimed at junior developers looking for their first job
- Collaboration with two other teammates as a project to conclude phase 1 of coding boot camp. Main responsibilities were working with the APIs to get relevant job data and rendering it to the appropriate page.
- Tools/Languages: html, css, Tailwind, javascript, Reed APIs (job search/job details), Google Maps API

Project Two: Creator Labs

Repo: https://github.com/BavKudhail/creatives_platform

Deployed: <https://peaceful-crag-60795.herokuapp.com/>

- App designed to connect with fellow creatives to share skills and collaborate on exciting new projects
- Collaboration with two teammates as a project to conclude phase 2 of coding boot camp. Responsibilities were predominantly backend and included setting up the database, rendering information to the page via handlebars and building the logic to limit how many creatives could join each team.
- Tools/Languages: html, css, javascript, node, express, MySQL, sequelize, handlebars, socket.io, AWS

Project Three: Walk This Way

Repo: <https://github.com/Yutthana00/Walk-This-Way>

Deployed: <https://murmuring-fjord-50502.herokuapp.com/>

- Social media/walking routes hub that links those seeking stunning scenery with those who are capturing it on camera.
- Collaboration with two teammates as a project to conclude phase 3 of coding boot camp. Responsibilities were mainly frontend logic and backend, including setting up the database, building the logic to enable users to login/signup, create a post, render posts to the page and for a user to delete their own account, as well as enabling users to upload images.

- Tools/languages: html, css, javascript, node, express, mongoDB, mongoose, graphql, Cloudinary, Chakra UI.

Tech Blog

Repo: <https://github.com/empipio/Tech-Blog>

Deployed: <https://tech-blog-empipio.herokuapp.com/>

- CMS-style blog site where developers can publish their blog posts and comment on those of other developers as well.
- The app follows the MVC paradigm in its architectural structure, using Handlebars.js as the templating language, Sequelize as the ORM, and the express-session npm package for authentication.
- Built alone from scratch, so responsible for all aspects of the project.
- Tools/Languages: html, css, javascript, node.js, bcrypt, connect-session-sequelize, dotenv, express.js, Handlebars.js, express-session, mysql2 and Sequelize.

Work Experience

Vet4Pets

August 2016-December 2021

Veterinary Surgeon

Alsager, Cheshire

- Majority sole charge work as single vet leading a team of two vet nurses and two care assistants
- Fast paced, emotionally charged environment requiring the ability to “think on my feet” and make decisions accordingly
- Wide and varied caseload requiring excellent problem solving skills
- Busy environment, seeing up to 30 consultations and carrying out 3-4 surgical procedures per day

Charter Veterinary Surgeons

December 2014-June 2016

Veterinary Surgeon

Biddulph, Staffordshire

- Part of a large team of vets and vet nurses: an exceptional team player
- Regular on-call work demonstrating ability to thrive under pressure

Education

University of Birmingham

June 2022

Coding Boot Camp - Full Stack Flex Certificate

Grade Average A+

Royal Veterinary College, London

July 2014

Bachelor of Veterinary Medicine (hons)

Fallibroome High School, Macclesfield

July 2008

A-levels: A in biology, chemistry and maths

AS-levels: A in psychology and sociology

Fallibroome High School, Macclesfield

July 2006

GCSEs: 8 grade A*-B
